So, have you seen my weekly TV series?

Many of you originally found me and heard about the way we play and teach creative style piano from our smash hit public television pledge special, "Play Piano in a Flash."

What you might not realize is that I also have a weekly half-hour series now with over 78 episodes simply titled, "The Piano Guy."

In the series I get a chance to show more great tips and ideas to help you move your playing to the next level. I also interview professional players sitting at a piano, and we work through a particular tune or genre as I try to "pick their brains" a bit to unearth some great ideas viewers can use right away in their own playing.

Shot in High Definition, the show airs nationwide on the PBS-HD channel. Those of you with an HD TV need to check it out. (I've never seen my bald noggin with such clarity!)

The regular standard definition version of the show airs at various times and in various markets depending on the decision of the local station's programmer. This is where you can help!

Check your local public television station's listing to see if the show is currently airing in your market. If it is, please let your local station know that you are watching and appreciate them continuing to air the show.

If it isn't yet airing, a quick call or E-mail to the programmer at your local station letting them know that you would love to see the show is often all it takes to get it on in your local market. The show is provided free to the station, so many times the biggest factor in deciding to run the series or not is whether enough of their local viewers want to see it so the ratings will be respectable. So give 'em a call!

Thanks in advance,
and happy viewing!

Scott Houston

Some Frequently Asked Questions ...

I'm brand new to all of this... where do you suggest I start?

I put together the Piano Guy Starter Bundle after receiving that question hundreds of times. It will give you everything you need to get a great start into this wonderful world of creative style piano playing!

I've read your Play Piano in a Flash book and/or seen the DVD. I'm ready for more! Any suggestions?

I would strongly encourage you to check out the book titled "The Next Step" that Bradley Sowash & I wrote expressly for the purpose of being a follow-up to my first book. Also, if you don't yet have a fake book, now is the time to consider purchasing one.

In addition, check out the supplementary materials for any specific interests or needs you might have such as playing by ear, intro and endings, getting into jazz improvisation or song writing.

I saw an episode of your weekly TV show and want to buy it. Where can I find it?

Unfortunately, due to copyright issues, we don't offer entire episodes of the show for sale. However, we have put together 2 great compilation DVD's with individual segments from the show with tunes in which we were able to get the copyrights cleared. They are called "Tips, Cheap Tricks, & Professional Secrets Vols. 1 & 2" and each is over 2 hours in length. There is a good chance that what you are looking for will be on one of those 2 DVDs.

Which fake book do you suggest?

First and foremost, you need to find a fake book with tunes in it you like. As obvious as that sounds, it is critical that you get a bunch of tunes that you are excited about playing for all of this to work. So figure out a style you like, and then find the book that has those tunes in it. If you check out our web store on the internet, each fake book description includes a link that has every tune in the book listed.

Having said that, I think that my fake book (The Piano Guy's Favorites & Holiday Songs Fake Book) is an especially good choice as a first fake book purchase due to it having the chord charts for every chord in a tune listed right on the same page as the tune. (It also has great tunes in it.)

I want to pay by check or money order instead of credit card. Can I still place an order on the internet, or should I call you?

You can do either, whichever you prefer. If you place an order on our web store (www.scottthepianoguy.com/store) as you go through the checkout process you will be asked for a payment method. Select "check" and you will then be given the info you need, such as the order total with shipping and an address to send the check, to complete the order. When we receive your check, we'll ship out your order!

When phoning in an order (888-826-8082), after the order is complete we will figure the shipping and give you a total and the address to which you send the check. Upon receipt of the check, we'll ship the order.

Can I mail an order in to you?

No. You need to call us toll free (888-826-8082) or place the order on our web store (www.scottthepianoguy.com/store) so that we can accurately figure the shipping charge.

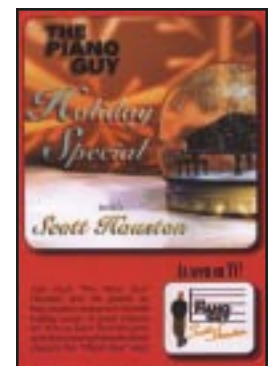

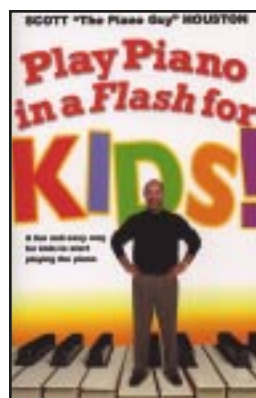

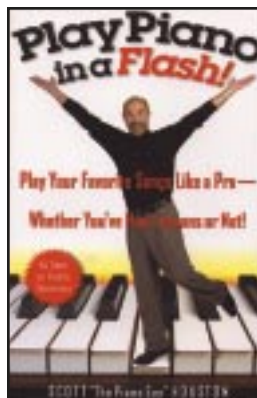

How do you ship your products?

We currently offer Fedex Ground for delivery within the United States and various forms of parcel post for international shipments. Our web store automatically figures the appropriate shipping method based on the shipping address entered, or we do it manually on phone orders. If Fedex Ground is used and you provide us with an accurate E-mail address, you will be E-mailed a tracking number for your order so that you may follow its path if needed.

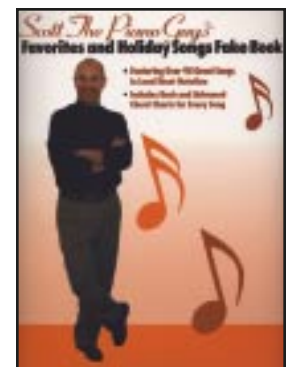

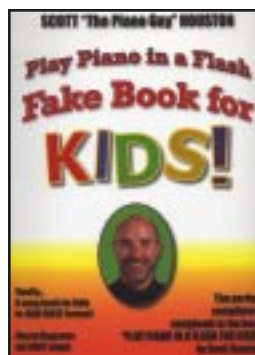

What is your refund policy?

Within 30 days of our ship date (located on your invoice) you may return any of the following items purchased from our store: books in their original, 'resalable' condition; unopened CDs, cassette tapes, unopened DVDs, or unopened VHS tapes; and any other merchandise in new condition for a full refund of the purchase price. The S&H fee will not be refunded. If you are returning a defective product or an incorrect item you received as a result of our error, please call to receive specific return instructions at 888-826-8082 M-F 9:00 am - 4:00 pm Eastern Time. (I regret the need for the fairly strict return policy on video products, but I'm sorry to relate that we have been excessively taken advantage of in the past by customers opening, recording, then returning video products. Thanks for your understanding... Scott)
